ABOUT DEGEN49X

DEGEN49X: The Ultimate Meme Token for Degens

In the grand stadium of cryptocurrency, where many play but few win, emerges DEGEN49X - a token not just riding the wave of memes but creating the tsunami. Inspired by the relentless spirit of the San Francisco 49ers, we're here not just to play the game; we're here to change it.

DEGEN49X is not your average crypto token; it's a lifestyle, a community, a team where every holder is a player on the field. Here, we combine the thrill of cryptocurrency trading with the passion of football fandom.

TOKENOMICS - The Playbook

Total Supply: 1,000,000,000 DEGEN49X

Launch Distribution

67% for the grand launch on PumpFun - because why start with a whisper when you can start with a bang?

30% for the brave souls in the Private Sale - the early believers.

3% for Marketing - to spread the word, or in our case, the chant.

Private Sale Pricing

0.1 SOL = 3,564,784.05 tokens - For those who want a taste of glory.

0.5 SOL = 17,590,163.93 tokens - For the semi-pro degens.

1 SOL = 34,612,903.22 tokens - For the true believers, the all-inners.

Private Sale Distribution Strategy - The Four Quarters

1st Quarter: Post-launch on PumpFun - Here's where we start the game.

2nd Quarter: Listing on Raydium - Time to show we're not just a one-hit-wonder.

3rd Quarter: Appearance on DEX screen - Making our presence known.

4th Quarter: CoinGecko Listing - The touchdown!
